The Hopewell Valley YMCA has joined a state wide YMCA initiative for the *Healthy U* Program. This program is only available to YMCA participants. Our goal at the Hopewell Valley YMCA is to make children more knowledgeable about food choices and activity choices, which will in turn create healthier lifestyles. We are teaching simple nutrition lessons in YMCARE and playing new and exciting structured group games. This program is available to the NJ YMCAs through the generosity of The Horizon Foundation of New Jersey.

The YMCA is the largest provider of child care services in the USA! This is due to outstanding services and staff! The Hopewell Valley YMCA prides itself on being part of such an important aspect of each child's development! Trust your child with us to make sure they are safe, happy and healthy!

### Why do parents choose the Hopewell Valley YMCA School-Age Child Care Program?

**The answer is obvious!!**

★Our professional staff, including full time site supervisors, brings consistency and expertise to their programs.

★Our fun, safe programs provide a caring environment for participants lead by our trained, mature staff.

★Our flexible, affordable schedules, with member benefits, include member events throughout the year and a preferred rate for Camp Days.

★Financial assistance is available; no one is turned away for their inability to pay.

★The YMCA Board of Directors consists of 29 Community Leaders and Parents who are committed to service in Hopewell Valley.

★All of our sites are licensed by the State of NJ, Department of Children and Families.

### Drop-In Care

Drop-in care is provided for HVRSD students at any YMCARE location when space is available. This care is for students who need care on a specific day when they are not already registered for YMCARE, including Camp Days Sept-June.
